

PARENTAL AUTHORITY

No one knows children better than their parents do.

Derek Sloan believes what real Conservatives have always believed, that parents have an inherent right to raise their children in accordance with their own faith and beliefs, free from government interference.

That's why Derek will oppose the promotion of radical sex education against the wishes of parents.

He will also repeal C-16, which enshrines gender ideology in Canadian law, and he is a vocal opponent of bill C-8, which would jail parents for trying to help their children accept the bodies they were born with. In his role as a Member of Parliament Derek will stand with parents and vote against bill C-8. As leader, Derek will propose legislation that will outlaw transgender surgery for children across Canada.

THE FAMILY IS ONE OF THE KEY FOUNDATIONS ON WHICH CANADIAN SOCIETY IS BUILT.

That's why there is no more important plank in Derek Sloan's platform than defending the integrity of the family, and the right of parents to make decisions in all the issues that affect their children's lives.

RIGHT OF BELIEF

Derek Sloan is a lawyer by trade that first became involved in politics because he saw many of the liberties that make Canada such a wonderful country being increasingly threatened. He decided to run for office to become a Member of Parliament and in 2019 Derek turned the swing riding of Hastings—Lennox and Addington blue, one of the few ridings the CPC won in Ontario.

Key among the freedoms Derek is most concerned about is freedom of religion. **Derek believes that we all have a right to live our lives freely in the public square as people of faith, including the right to worship freely and to pass down that faith to future generations.**

Supporting freedom of worship puts us in conflict with the present federal government, which has imposed values tests that muzzle and exclude communities of faith, and which completely disregards freedom of conscience.

NO CANADIAN SHOULD EVER BE COMPELLED TO ACT IN A WAY THAT CONTRADICTS THEIR CONSCIENCE OR THE EDICTS OF THEIR RELIGIOUS FAITH.

Derek Sloan will fight to ensure that no doctor, health worker, nor any health facility shall be compelled to perform, or refer, for “medical assistance in dying” or abortion.

Derek will also advocate for our Christian brothers and sisters persecuted for their faith across the globe. Derek will increase the number of privately sponsored refugees in Canada. Derek understands that church communities are better at caring for refugees than the government.

ALL THOSE ELECTED TO SERVE THE PUBLIC IN GOVERNMENT SHOULD RESPECT AND DEFEND OUR RIGHT OF BELIEF AND FREEDOM OF RELIGION. DEREK SLOAN IS STEPPING UP TO DO JUST THAT.

IF YOU BECOME A MEMBER OF THE CONSERVATIVE PARTY OF CANADA BY MAY 15, YOU CAN VOTE FOR DEREK TO BECOME PARTY LEADER.

PROTECTION OF THE VULNERABLE

A GOVERNMENT CAN BEST BE JUDGED BY HOW WELL IT PROTECTS THE HEALTH AND SAFETY OF THE MOST VULNERABLE MEMBERS OF SOCIETY.

The laws and policies of government must provide for the safety and security of citizens, especially the most vulnerable, such as the unborn, the homeless, those suffering addictions, the elderly, and at-risk youth.

Derek Sloan is unapologetically pro-life, and will encourage parliamentary debates and votes on abortion and abortion-related issues. This is overdue in Canada, a country with no law when it comes to abortion.

Derek will support the Born Alive Infant Protection Act, that will highlight the affirmative duty of physicians and medical professionals to provide medical care and treatment to infants born alive at any stage of development. He will also work to seek support for the reintroduction and passing of Cassie and Molly's Law which would, "make it a separate offence to cause injury or death to a pre-born child during the commission of an offence against the child's mother."

Derek will extend the official review of "medical assistance in dying" (MAID) legislation, to ensure the strongest safeguards for the most vulnerable among us. **We must ensure that children, those with mental afflictions and vulnerable seniors are protected.**

OUR CHILDREN AND FUTURE GENERATIONS

IT'S INAPPROPRIATE AND IMMORAL FOR ALL LEVELS OF GOVERNMENT IN CANADA TO CONTINUE TO SPEND MONEY WE DON'T HAVE SO THAT OUR CHILDREN AND THEIR CHILDREN WILL INHERIT CRUSHING DEBT.

This is the principle that Derek Sloan will hold to in the approach to all future government policy. A Derek Sloan led government will strive to maintain balanced budgets and live within its means, just like Canadians at home do.

A Sloan Government will look for ways to bolster the economy and cut wasteful spending so that all Canadians can be lifted in prosperity.

Derek Sloan will withdraw Canada from the Paris Accord and rescind all Canadian commitments to the directives of international bodies like the UN which only serve to undermine Canadian sovereignty, hamstringing Canadian economic development, and please only special interest groups.

Derek will look for efficiencies in spending, while supporting Canadian energy development, and encouraging investment that will benefit all Canadians.

It is irresponsible for government to spend Canadians' hard earned tax dollars on ideological projects that do not serve the interests of Canadians. Derek Sloan will end Canadian funding for abortions in foreign countries and he will end any federal funding to controversial radical pro-abortion groups such as LEAF and Planned Parenthood.

SPENDING TODAY AT THE COST OF DROWNING OUR CHILDREN IN DEBT IS UNACCEPTABLE AND MUST STOP NOW.
